The mission of S.A. Dance Festival is **to enrich lives through dance and share the diversity of quality dance with the community.** We continue working to bring members of the dance community together to collaborate and foster relationships among artists, choreographers and educators offering a platform to exhibit their creativity and talent.

**The 2023 San Antonio Dance Festival is now evolving to a three-day event,** which will consist of dance Showcases, Gala and our new collaboration with the Carver Community Cultural Center, a school community performance. The Showcase is designed for artists to exhibit their creativity, talent, and cultural heritage and will give dancers the opportunity to perform their artistry to a broader audience. Outstanding showcase pieces may earn the opportunity to perform in the Gala.
